MOP YARN & MOPS

www.jermex.com

HISTORY

Our company was founded in 1978, as a textil transformation enterprise producing originally floor rags and mop yarn. During 1996, we improved our finishing procedures in order to market our basic products integrated into articles of higher incorporated value. Since then, we have manufactured our mops mainly for exportation. At the present time, we are the largest and leading mexican company to manufacture mop yarn and mops.

MISION

To create values for our clients, associates and shareholders based on trust, by offering competitive quality products with an appropriate relation to price-value.

VISION

Become a leading company in Mexico and abroad, being on an efficient forefront to our competitors with the highest quality standards.

HISTORIA

Nuestra empresa se fundó en 1978, como una empresa de transformación textil, teniendo originalmente como giro básico la producción de jerga y pabilo de algodón. En 1996 incrementamos algunos procesos de acabados para comercializar nuestros productos básicos en artículos de mayor valor integrado.

A partir de esa fecha, nos dedicamos a la fabricación de pabilo y trapeadores principalmente para exportación. Actualmente somos la empresa más grande de México en fabricación de pabilo y trapeadores.

MISIÓN

Crear valor para nuestros clientes, asociados y accionistas basados en la confianza al ofrecer productos de calidad competitiva con una adecuada relación precio-valor.

VISIÓN

Convertirnos en una empresa líder en el mercado nacional y de exportación, a la vanguardia en nuestro ramo y con los más altos estándares de calidad
